Danforth's Obstetrics and Gynecology

The core reference in obstetrics and gynecology -- now in its 10th edition. A core reference for residents and practitioners for over 40 years, "Danforth's Obstetrics and Gynecology," now in its tenth edition, is thoroughly revised and reorganized to provide complete, authoritative coverage of the modern clinical practice of obstetrics and gynaecology. This edition has a new co-editor, Ingrid Nygaard, MD, a urogynecologist and a new urogynecology section includes chapters on urinary and fecal incontinence and overactive bladder. Other new chapters cover stillbirth and psychological disorders of pregnancy and the postpartum. This edition also features a modern two-color design, problem cases, boxed pearls and pitfalls, key points at the beginning of each chapter, and more algorithms, tables, and bulleted lists.
