This book provides a comprehensive overview of both management activities and clinical competencies for assisted living nurses. The authors provide practical guidelines and decision-making models to help nurses address both the large- and small-scale challenges of their daily practice.

With Assisted Living Nursing, readers can gain the essential problem-solving and task management skills critical to their daily work. The contributors cover a wide range of topics, including:

**Management**
- Ethics in nursing practice
- Regulatory oversight and reimbursement
- Organizational culture
- Leadership theories and styles
- Conflict resolution
- Finance and budget management
- Risk assessment

**Clinical Practice**
- Admission-transfer-discharge assessment
- Infection Control
- Cultural aspects of care
- Geriatric clinical syndromes and disorders
- Palliative and hospice care principles
- Rehabilitation/restorative nursing
- Theories of aging

Ultimately, this book serves as the definitive, one-stop resource, addressing virtually every topic of interest to assisted living nurses.
