Ophthalmic Drug Facts is the definitive single source of objective, up-to-date drug information for eye care professionals.

Ophthalmic Drug Facts is the definitive single source of objective, up-to-date drug information for eye care professionals. Organized by therapeutic categories, detailed monographs include the drug information that practitioners need to make therapeutic decisions: actions, indications, off-label uses, contraindications, warnings, precautions, interactions, adverse reactions, overdosage, patient information, and administration and dosage.
