Written by two expert oncologists, specializing in female cancers, *Dx/Rx: Gynecologic Cancer* is a perfect pocket reference for all professionals involved in the care of women with gynecologic cancer.

This handy, concise book provides comprehensive, up-to-date information on the epidemiology, symptoms, diagnosis, and management of malignancies of the ovaries, cervix, uterus, and fallopian tubes. Topics include a review of gynecologic tumors, detailed analysis on treatment strategies, and a discussion of past and current literature that has shaped the field. Presented in a concise, quick-reference format, it’s an essential guide for the care of women with malignancies of the reproductive system.
