Successful Online Learning: Managing the Online Learning Environment Efficiently and Effectively

A must-have resource for nursing students new to online learning or for students already in the online learning environment and seeking additional strategies or tips to help them manage the structure more productively.

This handbook includes real-life scenarios, proven strategies, tips for success, and a checklist at the end of each chapter to help students understand and optimize the online learning environment.

Key Topics Include:
- Communicating
- Identifying learning styles
- Dealing with expected and unexpected challenges
- Working in groups
- Setting-up an ergonomically sound workspace
- Writing and formatting papers
- Encouraging collegiality
- Managing the first day of the course
- Overcoming technological barriers and concerns
- Taking a look at online learning from the faculty perspective
