Cardiovascular Nursing: Scopes and Standards of Practice

Developed by cardiovascular nurse experts from across the profession who are dedicated to cardiovascular health, Cardiovascular Nursing: Scope and Standards of Practice, 2nd Edition details and discusses all aspects of the competent level of practice and professional performance common to and expected from cardiovascular registered nurses in all practice settings and levels, including the APRN and graduate-prepared RN.

The publication’s scope of practice addresses what is expected of all cardiovascular nurses, specifying the who, what, where, when, why and how of cardiovascular nursing. The 16 standards provide a framework for evaluating cardiovascular nursing outcomes and goals for which all cardiovascular nurses are held accountable in their practice.
