Lippincott's Primary Care Dermatology

This book will help family practitioners, internists, nurse practitioners, and physician assistants understand, diagnose, and treat dermatologic problems commonly seen in the primary care setting.

Emphasis on day-to-day outpatient office practice distinguishes Lippincott's Primary Care Dermatology from other dermatology textbooks. Coverage includes adult, geriatric, and ethnic skin.

Each diagnosis begins with a realistic case and includes detailed discussions of pathogenesis, diagnostic methods, and therapy. An at a glance therapy section summarizes primary and secondary treatments to make treatment decisions easier. The book includes over 300 full-color images of skin lesions, numerous patient handouts, and a folded-in anatomical chart for the office.

Publication Year: 2010
Edition: 1st Ed.
Author/Editor: Schalock, Peter C.; Hsu, Jeffrey T.S.; Arndt, Kenneth A.
Publisher: Lippincott Williams & Wilkins (LWW)
