Developed in the residency training program in the department of Physical Medicine and Rehabilitation at the JFK Johnson Rehab Institute, UMDNJ and the Robert Wood Johnson Medical School, this concisely organized text concentrates on board-related concepts in the field of rehabilitation medicine.

The only book dedicated to the PM&R Boards, widely used by residents, updated throughout, and with over 500 illustrations, the second edition of the bestselling Physical Medicine and Rehabilitation Board Review is a must have for residents preparing for the ABPMR board exams, for practicing physiatrists preparing for recertification, and for PM&R instructors helping physicians to prepare for the boards.

Topics covered include PM&R, orthopaedic, neurologic, and general medical information and is essential reading for residents preparing for Part I and Part II of the Physical Medicine and Rehabilitation Board Certification as well as practicing physiatrists preparing for recertification.
