This volume in this important series discusses hives

Part of the Clinical Practice of Chinese Medicine series, a comprehensive series characterized by important diseases and providing detailed western disease information and Chinese clinical treatment effective for each specific disease. This volume addresses methodologies to cure Urticaria, or hives.

These books also discuss, in detail, related quotes of classical TCM literature and clearly narrate the modern clinical experience of renowned physicians, thus enabling the practitioner to become more adept at using Chinese medicine in the diagnosis and treatment of common diseases.
