2007 Year Book of Health in the People's Republic of China

The 2007 yearbook (the 25th in the series) provides important information on Chinese health fields.

Composed of three parts and detailing the progress of health work in China, this volume includes sections on the Prevention and Control of Diseases, Health Responses to Emergencies, Rural Health, Mother and Child Health Care, Community Health, and many others.

All data and figures in the book are taken from publications of government authorities, not including data from Hong Kong, Macao, and Taiwan.
