CAB All Books Collection published from 2011

Access to a collection of more than 200 books published since 2011 by one of the world's leading sources of scientific information.

The publisher, CAB International, is one of the world's leading sources of full-text scholarly literature in agriculture, public health, and food and environmental sciences.

All titles in the collection are accessible via Books@Ovid, which allows you to search across multiple titles with just a simple search - or filter on a single title.

Contact an Ovid representative for a complete list of titles!
