Get convenient, cost-effective access to 16 books from the American Diabetes Association!

For nearly 80 years, the American Diabetes Association (ADA) has sought to educate the public and the healthcare community about diabetes - through funding research to manage, cure and prevent types 1 and 2 diabetes, gestational diabetes, and pre-diabetes.

These 16 books span critical topics, such as the various therapies, exercise and diet, hypoglycemia, and more. And on the Ovid platform, you can search all books simultaneously with just a single search query!

Publisher
American Diabetes Association
