The complete evidence-based practice content set from the Joanna Briggs Institute (JBI) available via OvidSP.

This comprehensive database covers a wide range of medical, nursing, and health science specialties and includes a unique suite of information that's been analyzed, appraised, and prepared by expert reviewers at JBI so you and your team can integrate the world’s best evidence into your practice:

- Evidence Summaries
- Evidence-Based Recommended Practices
- Best Practice Information Sheets
- Systematic Reviews
- Consumer Information Sheets
- Systematic Review Protocols
- Technical Reports

JBI is widely regarded as one of the world’s leading providers of evidence-based information from across the globe, as well as tools to help healthcare professionals implement an effective evidence-based practice program and provide the best possible patient care.

Smaller specialty segments of the database are also available:

- Aged Care
- Burns Care
- Cancer Care
