The complete evidence-based practice content set from the Joanna Briggs Institute (JBI) available via OvidSP.

View Marketing Factsheet

This comprehensive database covers a wide range of medical, nursing, and health science specialties and includes a unique suite of information that's been analyzed, appraised, and prepared by expert reviewers at JBI so you and your team can integrate the world’s best evidence into your practice:

- Evidence Summaries
- Evidence–Based Recommended Practices
- Best Practice Information Sheets
- Systematic Reviews
- Consumer Information Sheets
- Systematic Review Protocols
- Technical Reports

JBI is widely regarded as one of the world’s leading providers of evidence–based information from across the globe, as well as tools to help healthcare professionals implement an effective evidence–based practice program and provide the best possible patient care.

Smaller specialty segments of the database are also available:

- Aged Care
- Burns Care
- Cancer Care
- Chronic Disease
- Diagnostic Imaging
- Emergency & Trauma
- General Medicine
- Health Management & Assessment
- Infection Control
- Mental Health
- Midwifery Care
- Rehabilitation
- Surgical Services
- Wound Healing and Management
- Pediatrics
- Tropical and Infectious Disease
