Accessible through LWWHealthLibrary.com, this comprehensive selection of 39 authoritative books—covering the 6 core clerkship rotations—is ideal for clerkship students, faculty, and directors and coordinators.

The collection features key titles - from the Step-up, Recall, Blueprints, Shelf Life, and BRS series - which are currently only available in print format.

Features:
- Over 150 cases, broken down by rotation
- Covers core rotations of Internal Medicine, OB/GYN, Pediatrics, Surgery, Family Medicine, and Psychiatry
- Users can search or browse content across all rotations or filter to a specific rotation
- All content optimized for desktop, tablet, and mobile usage
- Complete chapters are downloadable and printable, and can be shared with colleagues
- Great resource for both core didactic content, as well as review content through review series titles and Q&A

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):
