Here's an ideal package of must-have textbooks and multimedia from Lippincott Williams & Wilkins ideal for faculty and students at physician assistant programs.

Available via LWWHealthLibrary.com:

- Can be integrated into lectures and review sessions
- Great for review, self-assessment and exam preparation (including PANCE Exam review) using Q&A
- Authoritative, must-have references from a leading medical, nursing and health sciences publisher
- Full book chapters are printable and can be shared with colleagues and students
- Books are continually updated with the most current edition

This collection includes:

- 37 must-have textbooks, including must-have authoritative content covering the anatomical and basic sciences
- Key titles include: Grant’s Atlas of Anatomy, Grant’s Dissector, Moore’s Clinically Oriented Anatomy (which includes Clinical Blue Boxes), Histology: A Text and Atlas, Langman’s Medical Embryology, Rubin’s Pathology, Bate’s Guide to Physical Examination and History Taking, and other core content necessary to complete the first year of study
- Over 70 videos to enhance understanding and study
- Over 4,800 Q&A questions
- Listing of the most popular journal articles from leading society publishing partners in the Physician Assistant market (JAAPA and JPAE)

PLUS! Bundle with PA Rotations/Specialties is also available!

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):

- Bates’ Guide to Physical Examination and History Taking, 11e
