Here's an ideal package of must-have textbooks and multimedia from Lippincott Williams & Wilkins that covers the content needs of the clinical rotation requirement of the PA curriculum.

Available via LWWHealthLibrary.com:

- Can be integrated into lectures and review sessions
- Great for review, self-assessment and exam preparation (including PANCE Exam review) using Q&A
- Authoritative, must-have references from a leading medical, nursing and health sciences publisher
- Full book chapters are printable and can be shared with colleagues and students
- Books are continually updated with the most current edition

This collection includes:

- 41 authoritative, must-have references from a leading medical, nursing and health sciences publisher, including series titles (Step-up, Recall, Blueprints, Shelf Life, and BRS), which are currently only available in print format and the authoritative text in Physician Assistant study, O’Connell’s A Comprehensive Review For the Certification and Recertification Examinations for Physician Assistants
- Coverage of core rotations/specialties, and users have the ability to pre-filter texts and search results by rotations/specialties, including Internal Medicine, OB/GYN, Pediatrics, Surgery, Family Medicine, and Psychiatry
- Over 150 cases, broken down by rotation
- Over 3,707 Q&A questions
- Listing of the most popular journal articles from leading society publishing partners in the Physician Assistant market (JAAPA and JPAE)

PLUS! Bundle that includes the PA Core Education is also available!
