A combination of core textbooks, video clips, and multimedia content covering topics from Year 1 to rotations to NAPLEX (North American Pharmacist Licensure Examination board) preparation.

Features:
- 40 core textbooks for pharmacy students and practitioners
- Over 100 video clips
- Ideal for faculty who've chosen to offer an integrated approach to pharmacy education—where multiple disciplines are taught through the course.
- Full book chapters are printable and can be shared with colleagues and students
- Books are continually updated with the most current edition
- Sophisticated semantic search and user-friendly navigation

Please note we always add new editions as soon they are published. That means multiple editions of a book may be available. Books in this collection include the following (be sure to visit Health Library: User Central for the most up-to-date list):
