The official journal of the American Burn Association, the Journal of Burn Care & Rehabilitation is the only U.S. journal devoted exclusively to the treatment and rehabilitation of patients with burns.

Original, peer-reviewed articles present the latest information on surgical procedures, acute care, research, reconstruction, burn prevention, and research and education. Other topics include physical therapy/occupational therapy, nutrition, current events in the evolving healthcare debate, and reports on the newest computer software for diagnostics and treatment. The journal serves all burn care specialists, from physicians, nurses, and physical and occupational therapists to psychologists, counselors, and researchers.
