## Digestive Endoscopy

Rely on Ovid as the trusted solution that transforms research into results

Official Journal of the Japan Gastroenterological Endoscopy Society.

Now published six times per year on behalf of the Japan Gastroenterological Endoscopy Society and the Asian Pacific Society for Digestive Endoscopy, this journal serves as a medium for presenting original articles that offer significant contributions to knowledge in the broad field of endoscopy.

The journal also includes case reports, informal editorial opinions, abstracts, and news items that may be of interest to endoscopists. All articles are peer-reviewed by at least two experts (except for Invited Articles) in the field of the submitted paper.
