Frontiers of Health Services Management

Disaster preparedness. The future of health professions. Workforce shortages. Alternative medicine. You want to understand the latest trends, this publication can bring you up to speed quickly.

Each issue focuses on one healthcare management topic, providing you with the knowledge you need to understand and react to evolving trends. The journal is written by experts on the topic and includes commentary from the field. Sometimes these experts agree, and sometimes their comments spark a lively debate. These differing viewpoints will help you better understand the "big picture" and the implications for your organization.
