Medical Law Review

Rely on Ovid as the trusted solution that transforms research into results

An authoritative source of reference for academics, lawyers, legal and medical practitioners, law students and all others requiring information about health care related-law

The Medical Law Review presents articles of international interest which provide thorough analyses and comment on the wide range of topical issues that are fundamental to this expanding area of law. In addition it includes separate commentary sections for the UK as well as the USA, Commonwealth nations, and Europe. These provide an invaluable resource for busy practitioners who need regular updates on the impact of new developments in medical law. The Review also carries book reviews of relevant publications.
