Published bimonthly and offering a unique and wide ranging perspective on the key developments in the field, each issue of Current Opinion in HIV and AIDS features hand-picked review articles from our team of expert editors.

With six disciplines published across the year – including health economics of HIV treatments, sexual transmission of HIV and HIV vaccines after STEP – every issue also contains an in-depth bibliography gleaned from several hundred top journals in the field, complete with annotations detailing the merits of the most important papers.
