The official journal of the Society for Developmental and Behavioral Pediatrics, the Journal of Developmental & Behavioral Pediatrics (JDBP) is a leading resource for clinicians, teachers, and researchers involved in pediatric healthcare.

This important journal covers some of the most challenging disorders affecting child development and behavior, including: ADHD, autism, depression, eating disorders, self cutting, and sleep disorders.

JDBP publishes a mix of original articles, reviews, reports, and commentary written by some of the leading minds in the field. Most important, JDBP is a dynamic journal that evolves in order to address emerging disorders. New features are added to cover an ever-changing clinical landscape.
