This official journal of the American Academy of Neurology features best practices, evidence-based research and articles on topics that directly affect practicing neurologists - AVAILABLE ONLY AS PART OF THE NEUROLOGY AND NEUROLOGY: CLINICAL PRACTICE BUNDLE.

The leading clinical neurology journal worldwide, Neurology is directed to physicians concerned with diseases and conditions of the nervous system. The journal's purpose is to advance the field by presenting new basic and clinical research with emphasis on knowledge that will influence the way neurology is practiced.

Editorial content includes full-length Articles, Clinical/Scientific Notes, Views & Reviews (including Medical Hypothesis papers), Issues of Neurological Practice, Historical Neurology, NeuroImages, Humanities, Correspondence, Book Reviews, Software Reviews, Calendar Listings, and position papers from the American Academy of Neurology.

This journal is available only as part of the Neurology and Neurology: Clinical Practice Bundle; it is not available separately.

Subscribers to Neurology also have access to Neurology: Neuroimmunology & Neuroinflammation and Neurology: Genetics.
