A Journal of Cerebral Circulation publishes reports of clinical and basic investigation of any aspect of the cerebral circulation and its diseases from many disciplines, including anesthesiology, critical care medicine, epidemiology, internal medicine, neurology, neuro-ophthalmology, neuropathology, neuropsychology, neurosurgery, nuclear medicine, nursing, radiology, rehabilitation, speech pathology, vascular physiology, and vascular surgery.

Each monthly issue of Stroke represents the best in the field—original contributions, research letters, case reports, short communications, advances, comments, opinions, reviews, controversies, emerging therapies, topical reviews, and Cochrane Corner.
