Hypertension

Rely on Ovid as the trusted solution that transforms research into results

An American Heart Association Journal

Each monthly issue of Hypertension delivers the best high blood pressure-related articles focused on basic science, clinical treatment, and prevention of hypertension and related cardiovascular, metabolic and renal diseases. These are the papers which will prove their significance for years to come.

Content includes: "Clinical Implications", Original Scientific Contributions, Brief Reviews, Editorials, "Recent Advances in Hypertension", and "Novelty and Significance" sections at the end of all Original Articles.
