The goal of Nurse Educator is to improve the role effectiveness of those who teach nursing students by providing articles that emphasize data utility and applicability.

Nurse Educator, a peer reviewed journal edited for faculty and administrators in schools of nursing, provides practical and applied information on both the theories and practice of academic nursing education, including: educational philosophy, policies, and procedures; organizational, program, curriculum, course, and faculty development; instructional methods and materials; testing and measurement; administration; implications of trends and issues effecting teaching; and applied research.
