Endorsed by the American Professional Wound Care Association, this peer-reviewed, multidisciplinary journal is highly regarded for its unique balance of cutting-edge original research and practical clinical management articles on wounds and other problems of skin integrity.

The mission of the journal is: TO MEET the informational needs of multidisciplinary skin and wound care practitioners through publication of peer-reviewed original research, comprehensive review papers, and practical patient management articles that meet the criteria of scientific credibility, fair balance, and relevance to clinical practice. TO PROVIDE a forum for current information on new products, emerging technologies, educational opportunities, and research breakthroughs to support the clinical and professional development of skin and wound care practitioners.
