The journal's primary purpose is to provide nurses with accurate, current, and relevant information and services to excel in critical care practice.

This timely journal provides in-depth articles for critical care nurses, CCRNs, nurse educators, managers, and clinical nurse specialists and focuses on the three major roles—or dimensions—of today’s critical care nurse: practitioner, leader, and educator. The journal also publishes original nursing research. Each bimonthly issue offers these highly respected nurses a forum to exchange information with colleagues, review applications of current research, and discuss relevant legal and ethical issues.
