## Uncover the broad spectrum of content from the APA on Ovid.

### PsycARTICLES®

The only electronic source for the APA's entire journal collection, PsycARTICLES® offers quick, easy access to periodical research material in general and clinical psychology, as well as in applied research. Features include:

- Seamless integration with all other APA resources on Ovid
- Access to additional Ovid content in the behavioral sciences, such as the Ovid MEDLINE® database
- Searchable graphics, captions, tables of contents, and other supplementary material

### PsycBOOKS®

A unique full-text database of 1,800 books, and 28,000 book chapters, PsycBOOKS® covers everything from clinical psychology to child psychology. Readers browse all tables of contents and have access to specific book chapters in PDF format.

- Searchable database of bibliographic records, indexed with the *Thesaurus of Psychological Index* terms, which includes abstracts and chapter references
- PDFs of all book chapters
- Over 1,500 entries from the APA/Oxford University Press' *Encyclopedia of Psychology*

### PsycCRITIQUES®

The online replacement for the APA's in-print *Contemporary Psychology* journal, PsycCRITIQUES features over 38,000 full-text reviews of books, films, videos, and software.

- Up to 20 reviews of resources in the current copyright year are added each week
- Searchable backfiles of *Contemporary Psychology* reviews from 1956 - 2004

### PsycEXTRA®

A gray literature database, PsycEXTRA® provides quick and easy access to hard-to-find scholarly and non-scholarly material in psychology, behavioral science, and health.

- Drawn from conference proceedings and papers, technical and annual reports, government reports, policy statements, and white papers, as well as newsletters, magazine and newspaper articles, press releases, grant papers, and more
- Perfect complement to PsycINFO's 'peer-reviewed only' approach—with no overlap!
- Over 70% of the nearly 150,000 records contain full text (PDF), all available for downloading and printing
