Today, nurses and other healthcare providers are striving more than ever to provide cost-effective, efficient patient care, based upon reliable research and best practice.

As nurses' information needs develop with their growing role in modern healthcare, access to the right full-text material is increasingly vital to their work and career development.

Nurses all over the world trust content from the American Nurses Association (ANA), the United States' largest, most influential nursing professional organization. Whether they are in professional development, training or at the point of care, you can offer your users these widely-accepted, widely-used ebooks to ensure the quality of nursing at your institution and to improve patient outcomes.

The ANA is a full-service professional organization dedicated to advancing the nursing profession by fostering high standards of nursing practice among the 3.1 million registered nurses in the United States through its work and the work of constituent member nurses associations and its organizational affiliates.
