

American Psychological Association Resources (APA)

PsycINFO[®], PsycARTICLES[®], PsycBOOKS[®],
PsycCRITIQUES[®], PsycEXTRA[®], and PsycTESTS[™]

- Get seamless access to scholarly material from the American Psychological Association, one of the world's leading authorities on general and clinical psychology
- Quickly and easily explore bibliographic and full-text sources through a single, fully integrated platform
- Simultaneously search APA products—plus additional relevant Ovid databases, journals, and books—for a complete research experience
- Narrow search parameters with Clinical Query search limits
- Stay current on the latest theoretical findings and uncover important archival resources with AutoAlerts and eTOCS delivered via RSS feed
- Get precise results quickly with our psychology lexicon, which combines the power of APA's *Thesaurus of Psychological Index Terms* with our proprietary Basic Search natural language processing

Ovid is the researcher's first choice for electronic access to comprehensive scholarly and clinical material in psychology. Resources on Ovid from the **American Psychological Association (APA)** cover the entire spectrum of topic areas in psychology, from addiction and stress to child psychology. Rely on the precision search and discovery functionality of OvidSP to expand the scope and field of searching, so you can uncover the most relevant information first.

Ovid offers a variety of content resources from the APA.

PsycINFO[®]

A comprehensive international bibliographic database, PsycINFO[®] provides access to more than 3 million citations in 29 languages. These include peer-reviewed journal articles, book chapters and books, dissertations, and technical reports in psychology, as well as medicine, psychiatry, nursing, sociology, education, pharmacology, physiology, linguistics, anthropology, business, and law. Features include:

- Nine Clinical Query search limits, including therapy, diagnosis, and prognosis, that generate only clinically-sound search results and that are based on research studies by the Health Information Research Unit of McMaster University
- Searchable indexes, including "Key Concepts" and "Methodology," for accurate literature retrieval
- Advanced mapping to the most appropriate Index terms
- PsycINFO[®]-specific limits for more precise searching
- Sophisticated query analysis and ranking for quickly retrieving similar articles
- Links to articles with cited PsycINFO[®] records and links to articles cited in the PsycINFO[®] record

Uncover the broad spectrum of content from the APA on Ovid

PsycARTICLES®

The only electronic source for the APA's entire journal collection, PsycARTICLES® offers quick, easy access to periodical research material in general and clinical psychology, as well as in applied research. Features include:

- Seamless integration with all other APA resources on Ovid
- Access to additional Ovid content in the behavioral sciences, such as the Ovid MEDLINE® database
- Searchable graphics, captions, tables of contents, and other supplementary material

PsycBOOKS®

A unique full-text database, PsycBOOKS® covers everything from clinical psychology to child psychology. Readers browse all tables of contents and have access to specific book chapters in PDF format.

- Searchable database of bibliographic records, indexed with the *Thesaurus of Psychological Index* terms, which includes abstracts and chapter references
- PDFs of all book chapters
- Over 1,500 entries from the APA/Oxford University Press' *Encyclopedia of Psychology*

PsycCRITIQUES®

The online replacement for the APA's in-print *Contemporary Psychology* journal, PsycCRITIQUES® features full-text reviews of books, films, videos, and software.

- Up to a dozen reviews of resources in the current copyright year are added each week
- Searchable backfiles of *Contemporary Psychology* reviews from 1956 - 2004

PsycEXTRA®

A gray literature database, PsycEXTRA® provides quick and easy access to hard-to-find scholarly and non-scholarly material in psychology, behavioral sciences, and health.

- Drawn from conference proceedings and papers, technical and annual reports, government reports, policy statements, and white papers, as well as newsletters, magazine and newspaper articles, press releases, grant papers, and more
- Perfect complement to PsycINFO®'s 'peer-reviewed only' approach
- Over 70% of the records contain full text (PDF), all available for downloading and printing

PsycTESTS™- Coming soon!

A comprehensive tests and measurements database, PsycTESTS™ provides access to high-quality tests, measures, scales and other assessments along with a variety of supporting materials describing the test development, review or use.

- Contains thousands of records – mainly unpublished tests not commercially available from 1910-present
- Provides downloadable access to the actual tests, instructional guides and scoring sheets when available
- Tests compiled from systematic review of peer-reviewed journals published by APA, collections from the Archives of the History of American Psychology and more
- Connect back to the original full text record from PsycINFO® or PsycEXTRA® for current subscribers
