

Lippincott Williams & Wilkins Journal Definitive Archive

Ovid

Exclusive access to the backfiles of nearly 250 journals from one of the world's leading medical, nursing, and health science publishers

- Build your full-text library with the backfiles of nearly 250 journals in core clinical and medical specialties

Provide instant, exclusive

- access to more than 4 million pages of groundbreaking research from Nobel Laureates and other world-renowned scientists

Take advantage of

- OvidSP's powerful search functionality, flexible and time-saving workflow tools, and intuitive interface

Use electronic archives to

- free up shelf space and save on Interlibrary loan costs

Ask your Ovid Account

- Representative about other subject-, title-, and decade-specific archive subset; backfiles of the LWW High Impact and other LWW journal collections are also available

Archival resources are crucial to the research process, providing a valuable chronology of theories and discoveries that underpin today's healthcare practices and inform future innovations. What are the foundations of current techniques in open heart surgery? How did modern cancer and diabetes treatments evolve?

With the **LWW Journal Definitive Archive**, available exclusively on OvidSP, Ovid's industry-leading precision search and discovery platform, you can help researchers answer these questions and more.

Why LWW Journal Definitive Archive?

- Electronic content you can't find anywhere else - more than 40,000 journal issues with millions of articles containing original research, reviews, notes, letters, case studies and images
- Over 93% of available files sourced—well above the industry standard
- Most coverage dates begin with the journal's inaugural issue (Volume 1, Issue 1) and end with the final issue of 2003
- Provide access to the front-file and back-file of the same journal or collection simultaneously
- Clean, easy-to-read text and images, including photos, illustrations, tables, charts, and graphs, produced using multiple state-of-the-art scanning processes
- Full integration with your institution's other electronic journal, book, and database holdings

OvidSP

Transforming Research into Results.
