

eBooks from the American Nurses Association (ANA)

As nurses' information needs develop with their growing role in modern healthcare, access to the right full-text material is increasingly vital to their work and career development.

Nurses all over the world trust content from the American Nurses Association (ANA), the United States' largest, most influential nursing professional organization. Whether they are in professional development, in training, or at the point of care, you can offer your users these widely-accepted, widely-used eBooks, based on reliable research and best practices, to ensure the quality of nursing at your institution and to improve patient outcomes.

The ANA is a full-service professional organization dedicated to advancing the nursing profession by fostering high standards of nursing practice among the 3.1 million registered nurses in the United States through its work and the work of constituent member nurses associations and its organizational affiliates.

Premium, Professional Reference Titles from the Largest Professional Nursing Organization in the United States

- Uncover over 65 must-have online books covering a range of topics and subjects in nursing practice, administration, education, and research.
- Take advantage of flexible pricing options—one-time purchases and annual subscriptions are available.
- Simultaneously search all ANA eBooks, together with subscribed journals and databases, using only one search query.
- Find precise information quickly using time-saving workflow tools like inline abstracts, search results annotations, flexible search results sorting, and more.

Why ANA eBooks on Ovid?

- With just one click, access resources encompassing both general and specialty nursing and evidence-based subjects, including the Magnet® journey, nursing informatics, quality nursing care, healthcare ethics, and professional development.
- Simultaneously access hundreds of titles—many with an EBP focus—from other leading publishers on a variety of nursing and allied health topics.

eBooks from the ANA
