These include peer-reviewed journal articles, book chapters and books, dissertations, and technical reports in psychology, as well as medicine, psychiatry, nursing, sociology, education, pharmacology, physiology, linguistics, anthropology, business and law.

- Nine Clinical Query search limits, including therapy, diagnosis and prognosis, that are based on research studies by the Health Information Research Unit of McMaster University
- Searchable indexes, including “Key Concepts” and “Methodology,” for accurate literature retrieval
- Links to articles with cited APA PsycInfo records and links to articles cited in the APA PsycInfo record

#### APA PsycArticles®

The only electronic source for the APA’s entire journal collection, APA PsycArticles offers access to periodical research material in general and clinical psychology as well as in applied research.

- Seamless integration with all other APA resources on Ovid
- Searchable graphics, captions, tables of contents and other supplementary material
- Nearly 200k full-text articles from more than 110 journals

#### APA PsycBooks®

A unique, full-text database, APA PsycBooks covers everything from clinical psychology to child psychology. Readers browse all tables of contents and have access to specific book chapters in PDF format.

- Searchable database of bibliographic records, indexed with the *Thesaurus of Psychological Index Terms*, which includes abstracts and chapter references
- Over 1,500 entries from the *APA/Oxford University Press’s Encyclopedia of Psychology*

#### APA PsycExtra®

A gray literature database, APA PsycExtra provides access to hard-to-find scholarly and non-scholarly material in psychology, behavioral sciences and health.

- Drawn from conference proceedings and papers, technical and annual reports, government reports, policy statements and white papers, as well as newsletters, magazine and newspaper articles, press releases, grant papers and more
- Over 70% of the records are full text (PDF), all available for downloading and printing

#### APA PsycTests®

A comprehensive tests and measurements database, APA PsycTests provides access to high-quality tests, measures, scales and other assessments along with a variety of supporting materials describing the test development, review or use.

- Contains thousands of records — mainly unpublished tests not commercially available from 1910 to present
- Provides downloadable access to the actual tests, instructional guides and scoring sheets when available
- Tests compiled from systematic review of peer-reviewed journals published by APA, collections from the Archives of the History of American Psychology and more
