

American Psychological Association (APA) Resources

PsycINFO®, PsycARTICLES®, PsycBOOKS®, PsycCRITIQUES®, PsycEXTRA®, and PsycTESTS™

Ovid® is the researcher's first choice for electronic access to comprehensive scholarly and clinical material in psychology. Resources on Ovid from the American Psychological Association (APA) cover the entire spectrum of topic areas in psychology, from addiction and stress to child psychology. Rely on the precision search and discovery functionality of Ovid to expand the scope and field of searching, so you can uncover the most relevant information first.

*Uncover the
broad spectrum
of content from
the APA on Ovid*

Ovid®

Transforming Research
into Results

Ovid is your complete online research solution, offering a single, online destination where you can search, discover, and manage the critical information you need to streamline your research productivity and your work.

- Work the way you want to work with a variety of search modes and customizable work productivity and content alerting tools.
- Save and manage critical research findings and documents in a dedicated work area: My Projects.
- Extend your Ovid research experience beyond Ovid with the Ovid Toolbar.
- Search all Ovid resources—books, journals, and databases—simultaneously with just one query.

Why APA Resources on Ovid?

- Get seamless access to scholarly material from the American Psychological Association, one of the world's leading authorities on general and clinical psychology
- Quickly and easily explore bibliographic and full-text sources through a single, fully integrated platform
- Simultaneously search APA products—plus additional relevant Ovid databases, journals, and books—for a complete research experience
- Narrow search parameters with Clinical Query search limits
- Stay current on the latest theoretical findings and uncover important archival resources with AutoAlerts and eTOCS delivered via RSS feed
- Get precise results quickly with our psychology lexicon, which combines the power of APA's Thesaurus of Psychological Index Terms with our proprietary Basic Search natural language processing

AMERICAN PSYCHOLOGICAL ASSOCIATION (APA) RESOURCES

Ovid offers a variety of content resources from the APA, including:

PsycINFO®

A comprehensive international bibliographic database, PsycINFO® provides access to more than **4 million citations in 29 languages**. These include peer-reviewed journal articles, book chapters and books, dissertations, and technical reports in psychology, as well as medicine, psychiatry, nursing, sociology, education, pharmacology, physiology, linguistics, anthropology, business, and law.

- Nine Clinical Query search limits, including therapy, diagnosis, and prognosis, that are based on research studies by the Health Information Research Unit of McMaster University
- Searchable indexes, including “Key Concepts” and “Methodology,” for accurate literature retrieval
- Links to articles with cited PsycINFO® records and links to articles cited in the PsycINFO® record

PsycARTICLES®

The only electronic source for the APA’s entire journal collection, PsycARTICLES® offers access to periodical research material in general and clinical psychology as well as in applied research.

- Seamless integration with all other APA resources on Ovid
- Searchable graphics, captions, tables of contents, and other supplementary material
- Nearly 200k full-text articles from more than 110 journals

PsycBOOKS®

A unique, full-text database, PsycBOOKS® covers everything from clinical psychology to child psychology. Readers browse all tables of contents and have access to specific book chapters in PDF format.

- Searchable database of bibliographic records, indexed with the Thesaurus of Psychological Index Terms, which includes abstracts and chapter references
- Over 1,500 entries from the APA/Oxford University Press’s Encyclopedia of Psychology

PsycCRITIQUES®

The online replacement for the APA’s in-print Contemporary Psychology journal, PsycCRITIQUES® features more than 42,000 full-text reviews of books, films, videos, and software.

- Up to a dozen reviews of resources in the current copyright year added each week
- Searchable backfiles of Contemporary Psychology reviews from 1956 - 2004

PsycEXTRA®

A gray literature database, PsycEXTRA® provides access to hard-to-find scholarly and non-scholarly material in psychology, behavioral sciences, and health.

- Drawn from conference proceedings and papers, technical and annual reports, government reports, policy statements, and white papers, as well as newsletters, magazine and newspaper articles, press releases, grant papers, and more
- Over 70% of the records full text (PDF), all available for downloading and printing

PsycTESTS™

A comprehensive tests and measurements database, PsycTESTS™ provides access to high-quality tests, measures, scales and other assessments along with a variety of supporting materials describing the test development, review, or use.

- Contains thousands of records — mainly unpublished tests not commercially available from 1910 to present
- Provides downloadable access to the actual tests, instructional guides, and scoring sheets when available
- Tests compiled from systematic review of peer-reviewed journals published by APA, collections from the Archives of the History of American Psychology, and more
