

CABI eBook Collections

11 cost-effective collections of more than 500 current, archive, and reference ebooks in agriculture, food and animal science, and related disciplines

- Quickly and easily build your institution's ebook offerings in agriculture, veterinary science, plant science, food science, environmental science, and tourism
- Take advantage of nonsubscription access and pricing for the CABI Archive eBook Collections and CABI Reference eBook Collection
- Provide your users with the streamlined, productive search and discovery experience of Ovid
- Simultaneously search ebooks with journals and databases
- Download MARC records for your OPAC

At Ovid®, we make your collection development activities easier, with vital ebooks organized into focused subject collections.

CABI is one of the world's leading sources of full-text scholarly literature in agriculture, animal and veterinary sciences, public health, development, and food and environmental sciences. Ideal for scientists, faculty, students, and policy advocates, each of the following collections is available via Books@Ovid on Ovid, the world's leading precision search and discovery platform.

Choose one of six subject-specific collections, each consisting of ebooks published since 2000 and available for an annual subscription, or CABI All Subscription Titles eBook Collection since 2011. CABI Archive eBook Collections are available for one-time purchase for perpetual access on Ovid.

Subject collections available as subscription:

CAB Agriculture e-Book Collection

A comprehensive package of more than 200 titles covering everything from fisheries and aquaculture to GM and organic food to agricultural policy and public health.

CAB Animal & Vet Science e-Book Collection

One-click access to more than 200 books covering numerous animal types—from mammals to insects to amphibians—as well as important issues surrounding the production and care of livestock.
