How to Make Evidence Actionable

JBI Evidence Synthesis

An international peer-reviewed, online journal that publishes manuscripts encompassing evidence synthesis and healthcare. JBI Evidence Synthesis seeks to disseminate rigorous, high-quality research that provides the best available evidence to inform policy and practice through the science and conduct of systematic and scoping reviews.

The journal publishes systematic and scoping review protocols, diverse types of systematic reviews, and scoping reviews covering multi-disciplinary healthcare-related topics that follow methodology and methods developed by JBI. Fully indexed in EMBASE®, MEDLINE®, and CINAHL®.
